REGISTERED PHARMACY TECHNICIAN

Any person who wishes to work as a pharmacy technician in the State of Florida must register with the Florida Board of Pharmacy. To register with the Florida Board of Pharmacy, an applicant must submit a Pharmacy Technician Registration Application and Proof of completion of a board-approved Pharmacy Technician training program. Section 465.014, F.S.

At Florida Vocational Institute our Pharmacy Technician Program provides you with the knowledge you need to become a Certified Pharmacy Technician. This program qualifies as an approved Registered Pharmacy Technician Training program in accordance with the Florida Statutes.

CONTINUING EDUCATION REQUIREMENTS

In Florida Pharmacy Technicians are required to complete 20 hours of continuing education (CE) within the 24 month period prior to the expiration date of their license in order to renew their license. Four hours of the CE must be via live presentation and 2 hours related to the prevention of medication errors and pharmacy law.
